

Actual photograph of goo systems screen surface in action, (double exposure used to preserve room ambient lighting)

## Goo Systems Screens

Our custom screens are handcrafted on a made-to-order basis using our highly acclaimed "screen goo" coating.

### Features include:

- ✓ Breathtaking off-axis output
- ✓ Color corrected.
- ✓ Maximum retention of reflectivity.
- ✓ High gain with no hot spotting.
- ✓ Solid hardwood frame finished in ultra matte light absorbing carbon black, beveled to vignette stray light.

## "ALL SYSTEMS ARE GOO" coming soon.....

In the near future, the Goo Systems line will expand to include a high end DVD player, and for the true connoisseur, a home theater personal computer (HTPC).

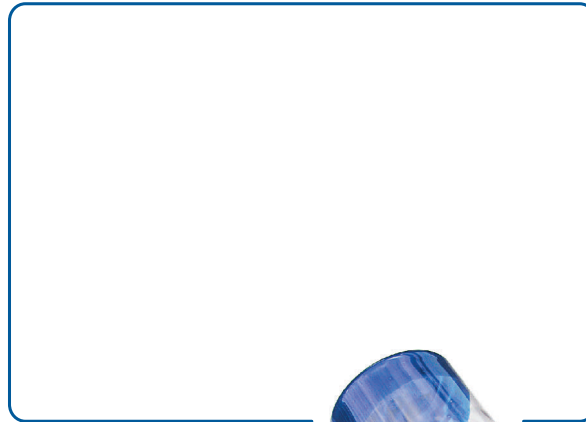

Visit [www.goosystems.com](http://www.goosystems.com) for new developments.
